**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

My family and I enjoy Sonic internet in San Francisco precisely because they had access to unbundled network elements, and it's significantly better than competing services offered by AT&T and Comcast.

Non-monopolized access to broadband is enormously important for America's competitive balance among nations and the prosperity and education of its people. Please say no to price hikes. Please say no to USTelecom's efforts to remove competitive access to unbundled network elements such as last-mile copper and inter-city backhaul.
